

MD. ARAFAT HOSSAIN HIMEL

3rd Year ICT Student | Software & Web Development

Location: Tangail, Bangladesh | Phone: +880 1744994220 | Email: arafathossain4499@gmail.com
Portfolio: Himel4220.github.io | GitHub: github.com/Himel4220 | LinkedIn: <https://www.linkedin.com/in/arafat-hossain-himel-515101395/>

PROFESSIONAL SUMMARY

Enthusiastic 3rd-year Information and Communication Technology (ICT) student with strong analytical skills and hands-on knowledge in object-oriented programming, relational databases, and full-stack web technologies. Demonstrated ability to build, optimize, and deploy software applications with clean code published on GitHub. Certified in Professional AI Ethics and Academic English Communication, seeking an internship or entry-level software development role.

TECHNICAL SKILLS

- **Programming Languages:** C, C++, Java, JavaScript
- **Web Development:** HTML5, CSS3, JavaScript (ES6+), Responsive Design
- **Database Management:** MySQL, Relational Database Design, SQL Queries
- **Tools & Platforms:** Git, GitHub, GitHub Pages, VS Code, MySQL Workbench
- **Core Competencies:** Object-Oriented Programming (OOP), Data Structures & Algorithms, AI Ethics, Technical Communication

FEATURED PROJECTS

Project 1 Title: Cricket Scorecard

Technologies: C++, MySQL | **Link:** <https://github.com/Himel4220/Software-Engineering-Project->

- Developed a **Cricket Scorecard Management System** using **C++ and MySQL** to store, manage, and retrieve cricket match information.
- Implemented features for managing **teams, players, match details, scores, and scorecards** through database integration.
- Used **Git and GitHub** for version control and project management.

Project 2 Title: An AI-Powered Faculty Information Retrieval System

Technologies: Java, OOP, JavaFX, MySQL | **Link:** https://github.com/Himel4220/Project_3-1

- Developed an **AI-powered desktop application** using **Java and JavaFX** to provide an interactive interface for retrieving faculty information.
- Designed and integrated a **MySQL database** to efficiently store and manage faculty details, including academic background, research interests, and other relevant information.
- Used **Git and GitHub** for version control, project documentation, and source code management.

EDUCATION

Bachelor of Science in Information & Communication Technology (ICT)

Mawlana Bhashani Science and Technology University, Tangail, Bangladesh | 3rd Year (Expected Graduation: 2027)

- **Relevant Coursework:** Database Management Systems, Object-Oriented Programming, Web Technologies, Data Structures & Algorithms, Computer Networks, Software Engineering.

CERTIFICATIONS & TRAINING

Ethical Issues in AI and Professional Ethics — *University of Colorado Boulder (Coursera)*

- Examined moral, social, and legal frameworks surrounding artificial intelligence, algorithmic bias, software accountability, and engineering codes of ethics.

IELTS Preparation — *University of California, Irvine (Coursera)*

- Advanced training in academic & professional English communication, structured technical writing, active listening, and formal presentation skills.

PORTFOLIO & ONLINE PRESENCE

- **Personal Web Portfolio:** <https://Himel4220.github.io> — Features project demonstrations, live code previews, and interactive web tools.
- **GitHub Profile:** <https://github.com/Himel4220> — Public repositories containing clean source code, documentation, and version history.
